- Angela mentions, CVPA webinar didn't work again.

7:48 - Elliott, 16/19U

Practices started, games start 8/20

Scheduling has been tough with teams forming late.

Belmont took in a bunch of older kids from other regions

No adds after the 3rd game!

8:10 - Coach's meeting tomorrow 7:30pm in Hillsborough

Advanced training needs --

For championships the games may be scheduled on neutral fields due to constraints

Seeding will not be typical, due to field mapping

8:12 - Sergio - Players who get red cards, it is THEIR responsibility to contact Sergio

He will determine first if they can safely return

Then, he will determine what penalty should be applied

If you don't contact him, you cannot return.

Also, substitutes are like the pros, at the refs discretion at any stoppage.

8:15 - Then, a long discussion about coach badges

Coach badges need to be worn, the ref will check for both the badge and the id  
card

If advanced has been passed, then that will be on the card

If not, then intermediate is acceptable on the card through august

You MUST take advanced by then.

Advanced course, Section is working on it. Michael continues to press them on it.

If they don't put a class together by the end of August, we may have an  
emergency option. The August deadline can be pushed only for this.

8:03 - Zelko asks if a 14u player can guest onto a 16u team

Once a player goes up to 16/19u, then they cannot move back down.

There are NO guest players

You're only supposed to have a player ID if you're on the roster, and you can only be on one roster.

8:40 - 12/14U - Games start 9/8

Schedule due end of week

Check with intermediate training registration

2nd Class may need a bigger classroom

For arrangement of field sessions

Coordinate with George

Some of the intermediate trainings from Burlingame last year haven't shown up in BS

8:45 - RRA - ref training is on the schedule
